

WHAT MAKES THIS RACE DIFFERENT?

In the past few years, we've done many innovative things to make our race stand out among the others.

This course is one of the most well-marked courses in the northwest.

Almost every inch is flagged! Also, we give away something to every finisher!

Once again we are excited to welcome BROOKS back as our major sponsor. They are "stepping it up" by including this race as a corporate-level race!

ALSO: in our Citizen's open race we will have an ALUMNI division that will be team scored. So bring along your old-timers and experience Bryant Park the way it was meant to be, XC STYLE! Back again will also be the highly competitive and improved Middle School Division race, which was very successful the past two years!
